Ready to level up your drawing?

This book teaches the same trick real artists use: start with simple **guidelines**, build up the shapes step by step, then erase the guides for a clean, professional finish. Every step has a short, clear instruction.

- **50 detailed drawings** in 5 chapters: characters, castles & places, fantasy creatures, amazing animals and cool stuff
- **6-7 steps per drawing** with easy-to-follow instructions
- **A full practice page** with a proportion grid after every drawing
- Difficulty stars, Pro Tips, warm-up exercises and bonus challenges
- Big 8.5 x 11 in pages and a Pro Artist certificate at the end

Draw a princess, a ninja, a fairy-tale castle, an Arabian palace, a dragon, a howling wolf, sneakers, a sports car and much more!

For curious creators ages 8-12 • beginners & young artists
